Professional Summary

UX Designer with a Computer Science foundation, applying a research-first methodology to transform complex problems into clear, user-centred interfaces. Skilled in wireframing, prototyping, and design systems with an emphasis on usability, efficiency, and accessibility. Proficient in Figma, Adobe Creative Suite, and frontend technologies including HTML, CSS, and React. Seeking opportunities in product design and UI/UX.

Education

Christ University, Delhi NCR

Bachelor of Computer Applications

Ghaziabad, India

Expected July 2026

Skills

- **UI/UX Design:** Wireframing, Prototyping, User Flows, Visual Design, UX Research, Design Systems, Usability Testing, Interaction Design
- **Tools:** Figma, Adobe Illustrator, Adobe Photoshop, Canva, Notion
- **Frontend:** HTML, CSS, React, Tailwind CSS
- **Research:** User Interviews, Survey Design, Empathy Mapping, Contextual Inquiry, Cognitive Load Reduction, Accessibility (WCAG)

Experience

GAO Tek Inc. – UI/UX Designer Intern

Remote | January 2026 – April 2026

- Designed wireframes, user flows, and interactive prototypes to translate product requirements into intuitive, user-centred interfaces.
- Applied usability and accessibility principles (WCAG) to create responsive, user-friendly web experiences across devices.
- Collaborated with cross-functional teams to iterate on UI solutions and improve overall user experience through feedback cycles.

Ameya Books – Product Design Intern

Hybrid, Indirapuram | November 2025 – January 2026

- Led end-to-end UI/UX design of a vendor-facing Point of Sale (POS) system, transforming a manual workflow into an efficient digital solution.
- Conducted field research and contextual inquiry to identify cognitive bottlenecks in billing, inventory tracking, and task flow.
- Designed interaction systems reducing cognitive load through real-time pricing, predefined bundles, and stock-aware UI components.

CAPS, Christ University – Graphic Design Intern

Delhi NCR | November 2025 – January 2026

- Designed branded assets – badges, posters, banners, e-magazines, and brochures – aligned with institutional visual identity guidelines.
- Created infographics and learning visuals for student modules in collaboration with content and operations teams.
- Delivered design outputs using Canva, Adobe Photoshop, and Adobe Illustrator.

Projects

Ameya Books – Vendor-Facing POS System

yourportfolio.com

- Conducted on-site observational research to identify cognitive bottlenecks in billing, inventory tracking, and queue management.
- Designed user flows, wireframes, and interaction systems for a POS app handling predefined bundles and dynamic quantity adjustments.
- Delivered solutions including real-time price recalculation, stock-aware UI, and simplified payment flows to reduce errors and improve efficiency.

Christ Eats – On-Campus Food Ordering App

yourportfolio.com

- Conducted student interviews to identify pain points in campus food queues and ordering delays at Christ University Delhi NCR.
- Designed a student-facing app enabling menu browsing, multi-outlet cart building, consolidated orders, and a nutrition analytics layer.
- Delivered a high-fidelity Figma prototype optimised for clarity, reduced cognitive load, and fast navigation across canteen outlets.

Certifications

- Figma Design Essentials – Udemy
- Graphic Design – Udemy
- Intel Unnati Artificial Intelligence Program – Intel
- Cloud Foundations – AWS Academy
